ABPortfolio — Test Log

My name is ABIJURU Cynthia.

Registration number: 25/27096 · Verification code: MOB-A2-7096

Status note: this is a test plan/log template. Tests below are marked NOT RUN until the student performs them on the built APK and records the actual result.

ID	Test	Expected result	Status / actual result
T01	Install APK without Expo Go	App installs and launches independently	NOT RUN — fill after test
T02	Check Home identity	Exact sentence and code are visible	NOT RUN — fill after test
T03	Navigate tabs and project detail	Tabs work; detail opens; Android Back returns	NOT RUN — fill after test
T04	Invalid headline	Field error appears and save is blocked	NOT RUN — fill after test
T05	Invalid biography	Field error appears and save is blocked	NOT RUN — fill after test
T06	Invalid primary skill	Field error appears and save is blocked	NOT RUN — fill after test
T07	Save valid profile edit	Success feedback and updated content visible	NOT RUN — fill after test
T08	Restart app	Saved profile values restored	NOT RUN — fill after test
T09	Gallery select / cancel / deny permission	Preview works; cancellation and denial are handled	NOT RUN — fill after test
T10	Camera capture / deny permission	Photo preview works; denial is handled	NOT RUN — fill after test
T11	Remove profile image	Initials avatar returns and remains after restart	NOT RUN — fill after test
T12	Airplane Mode	Core screens and saved profile remain usable	NOT RUN — fill after test
T13	Large system text / narrow screen	Content remains readable and controls reachable	NOT RUN — fill after test

Test environment (complete with actual values)

Device model: _____ Android version: _____ APK version/build ID: _____ Test date: _____ Tester: ABIJURU Cynthia Final commit hash: _____

Record actual observations and defects. Do not mark tests as passed without running them.
